PROFESSIONAL EXPERIENCE

Frontend Developer   09/2022 – 12/2022

CareTeam Pvt Ltd - Internship 🔗

- Worked on developing a highly responsive UI for the **digital credential management platform** ensuring optimal user experience across devices.
- Worked closely with designers to translate mockups and wireframes into pixel-perfect UI components.
- Automated google sheets into documents and certificates using Appscript.

Freelance Web Developer   05/2023 – 07/2023

Darlins Production

- Developed a complete website for Darlins Production a modelling agency in Tamilnadu.
- Worked on conducting research and designing the website, and sourcing suitable photos to enhance its visual appeal.
- Managed all aspects independently from start to finish.

WORKS

Trippy - Trip Planner Web App 🔗

- Developed a user-friendly trip planner web application using React, enabling users to efficiently plan trips and manage activities.
- Implemented robust functionality for creating, editing, and deleting trips, along with the ability to add, update, and remove activities within each trip.
- Utilized React hooks for state management and ensured full responsiveness, optimizing the user experience across devices and screen sizes.

Weathery - Real-time Weather Website 🔗

- Developed a real-time weather website in React, providing geolocation-based weather information for users' current locations.
- Implemented city-specific search functionality, allowing users to access weather data for their desired locations.
- Enhanced the user experience with hourly forecasts and ensured full responsiveness on any screen, delivering a seamless weather-tracking experience.
